WORK EXPERIENCE

Clinic IT Intern

Interprofessional Clinic of Appalachian Institute for Health and Wellness

May - July 2025

- Resolved network connectivity issues in a timely manner.
- Configured a machine which would help aid healthcare providers in diagnosing autism early in young children. This program and the technical assessment the machine conducts was a new and emerging technology utilized by the clinic which I was able to set up and monitor during the initial roll out period at the clinic.
- Installed software updates and patches to machines in accordance to HIPAA legislation
- Utilized electronic health record platforms to help aid healthcare providers delivering service to patients
